

Arcot Customer Support

Expert, fast response

DATA SHEET

Arcot Customer Support helps you get the right information quickly. Choose the level of support you need to meet your organization's requirements and budget.

ARCOT CUSTOMER SUPPORT delivers knowledgeable, responsive Customer Support when you need it. Whether it is preventing problems before they occur or responding to issues after they arise, Arcot Customer Support helps you get the right information quickly. Because no two companies are alike, we offer different levels of Arcot Customer Support to fit your organization's requirements and budget. Regardless of the support level, Arcot Customer Support delivers outstanding knowledge and service.

Services

Arcot Customer Support provides a range of valuable services to our customers. You can use it to report suspected errors or possible system incompatibilities, ensure a smooth integration with existing services and applications, or plan an upgrade. Arcot Customer Support gives you the comprehensive service you need to keep your critical business processes running.

Regardless of the level of support, you get 24x7 access to our online resources at support.arcot.com (including our knowledge base, case submission and tracking tools), phone support during normal business hours (8 AM to 5 PM local time), and free product updates and upgrades.

Levels

Arcot offers you three levels of support:

Arcot Standard Support

Our standard offering includes phone support during regular support hotline hours (8 AM to 5 PM local time), and 24x7 access to our online tools: Case submission wizard, the extensive Arcot Knowledgebase and Case Reports.

Arcot Premium Support

Our advanced offering is ideal for organizations that want all of the services in our Standard support, with the ability to contact our support team on nights and weekends for all Priority 1 cases.
